AN NTT GROUPS PRODUCT

NTT Forms

Forms, meetings and business engagement in one place.

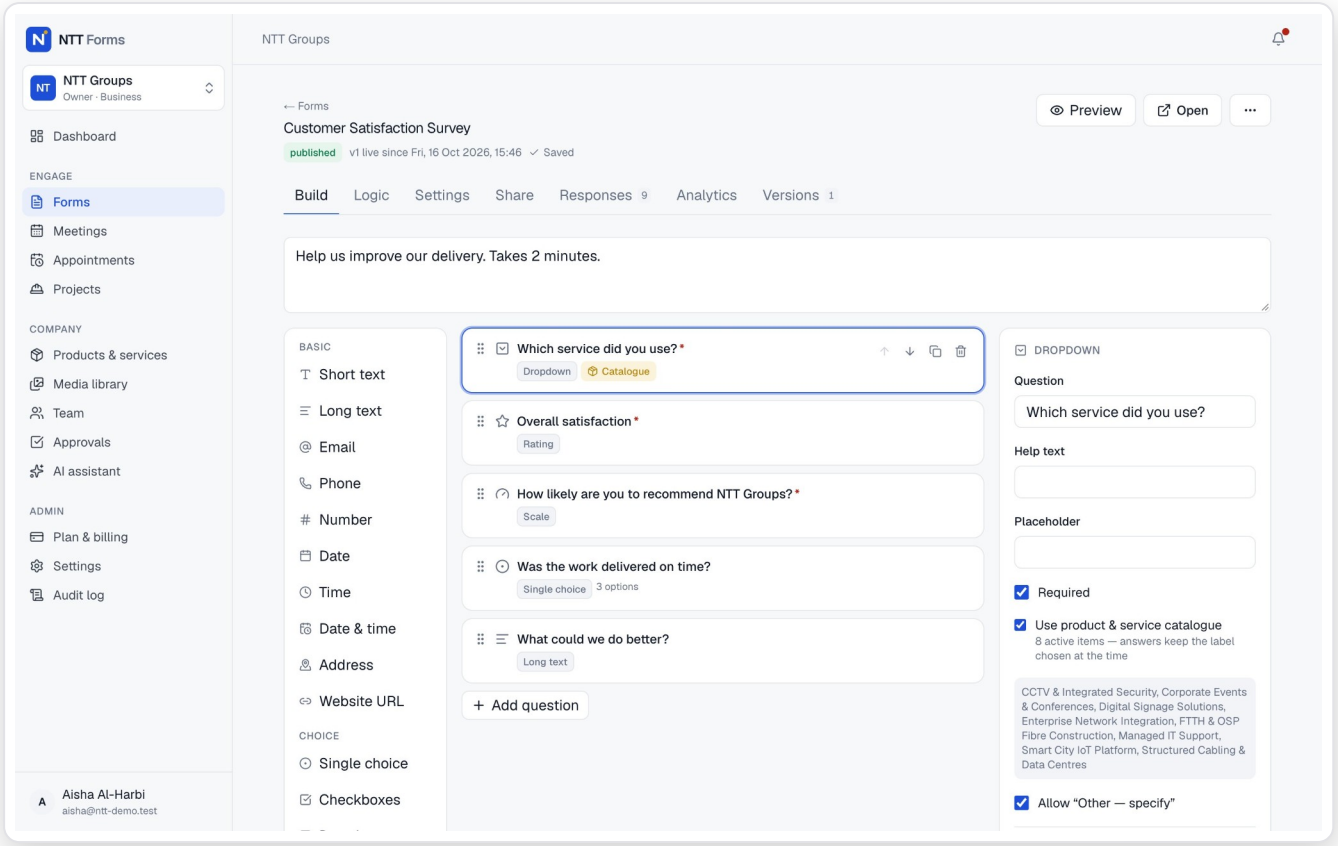

THE PROBLEM

Organisations use one tool for forms, another for event sign-ups, another for bookings, and spreadsheets to tie them together.

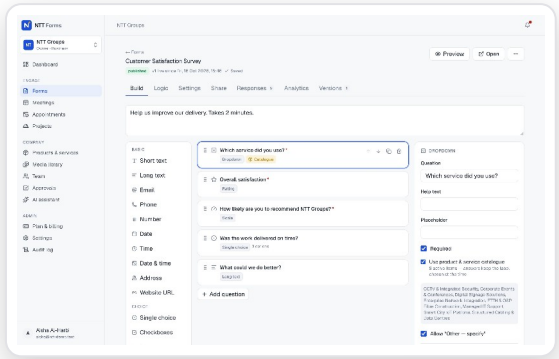

THE IDEA

One workspace to create forms, run meetings and events, take appointments and follow projects, with AI to help along the way.

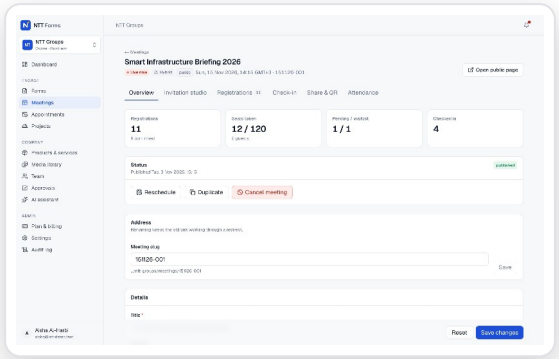

What it does

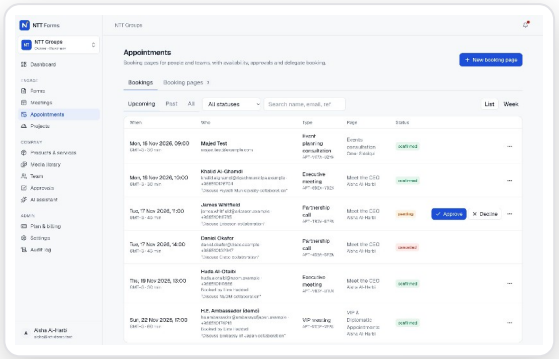

Forms in minutes

Drag and drop, or describe it to AI. Share by link or QR.

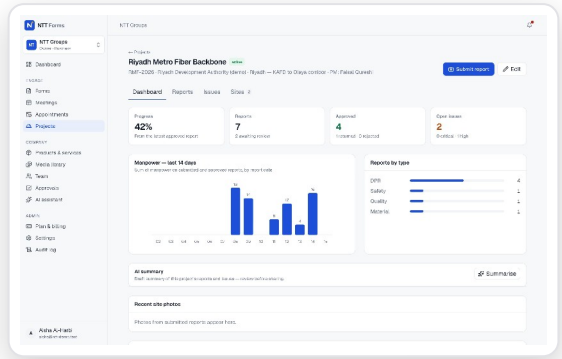

Meetings and events

Invitations, registration, QR check-in and attendance.

Appointments

Booking pages for executives and teams, with approvals.

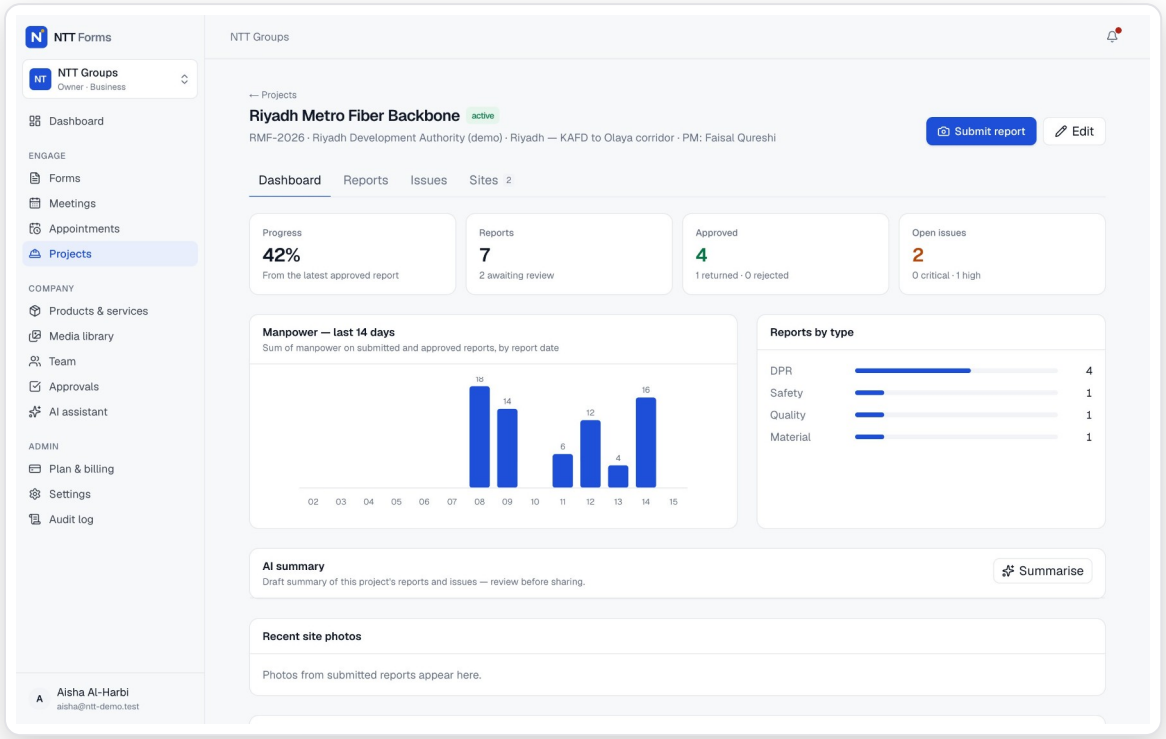

Projects

Site reports, issues and progress on one dashboard.

Who it’s for

- Companies and government-facing teams
- Event and communications teams
- Executive offices
