AN NTT GROUPS PRODUCT

OpenLib AI

Search and talk to everything you keep.

NTT Groups

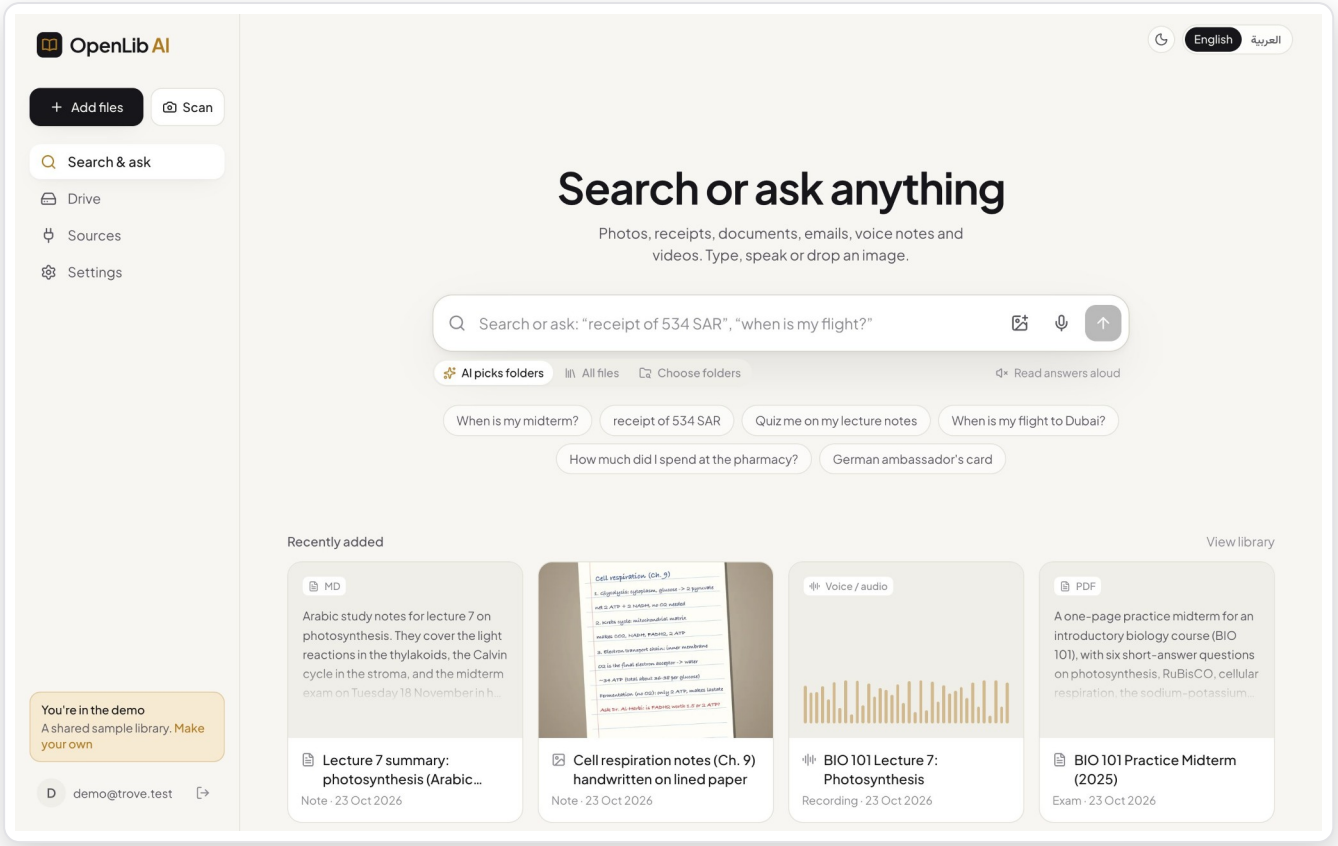

THE PROBLEM

Photos, receipts, PDFs, emails and voice notes end up scattered everywhere. When you need one, you scroll and guess.

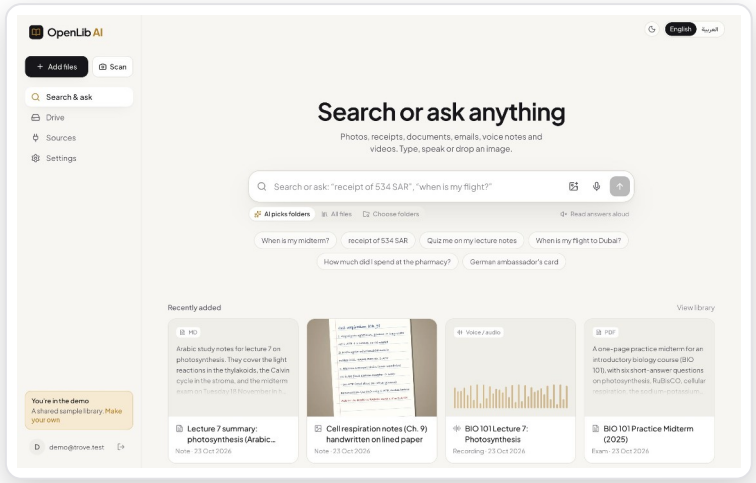

THE IDEA

One library for everything you keep. Ask in your own words and get the exact file, with an answer that shows where it came from.

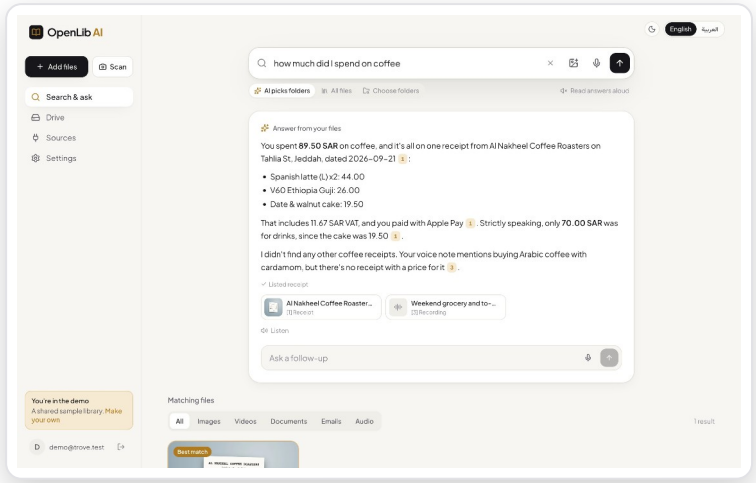

What it does

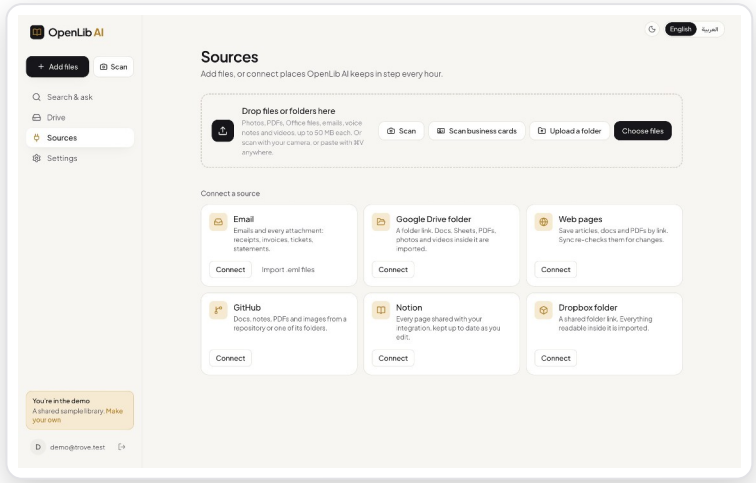

Ask like a person

Type, speak or drop an image, in English or Arabic.

Answers you can check

Every answer cites the files it used.

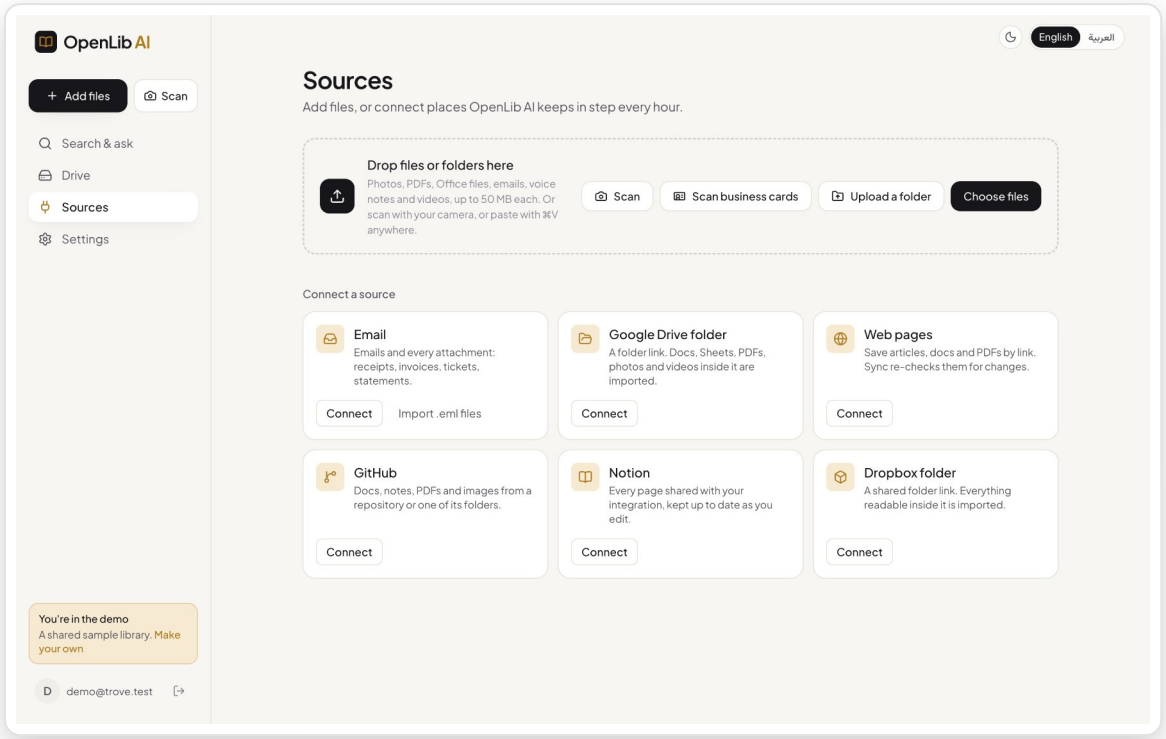

Everything in one place

Camera scans, email, Drive and web pages, kept in sync.

Who it’s for

- Individuals and students
- Teams and companies
- Schools and organisations under their own brand
